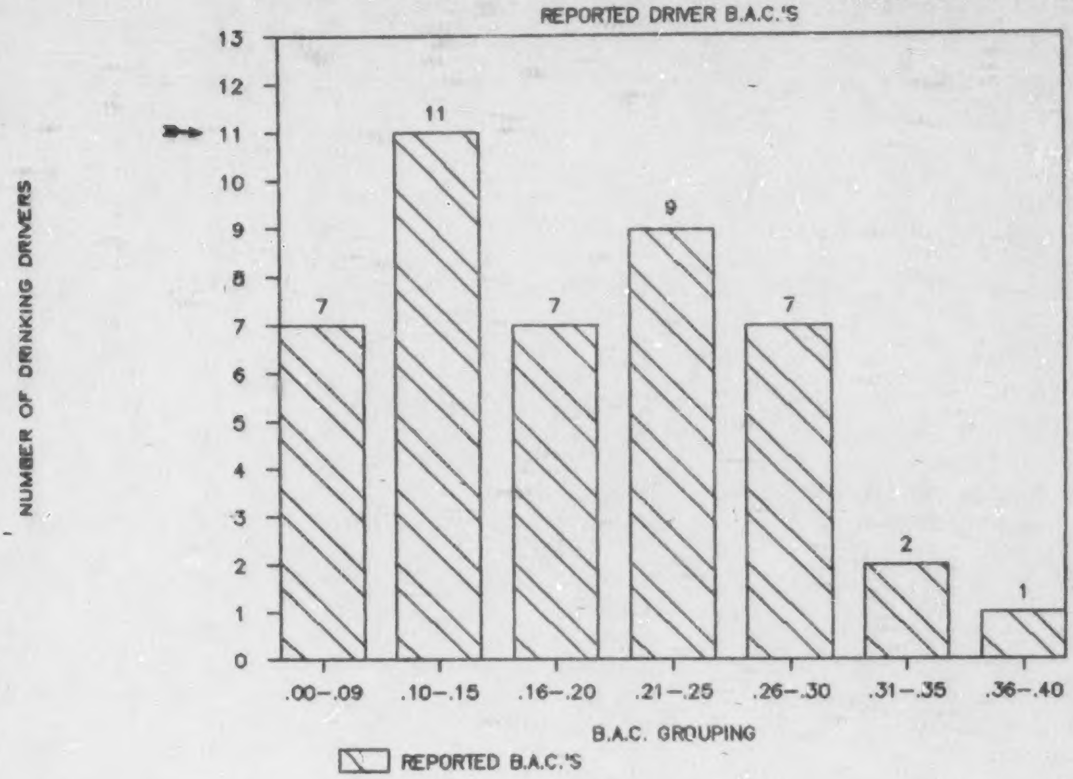
BUCKLE UP!

IT'S OUR LAW

☆ ALCOHOL INVOLVED FATAL ACCIDENTS—1988—☆



IT DOESN'T ALWAYS HIT YOU THE SAME!

The effects of alcohol on you depends on several factors:

- BODY WEIGHT
- AMOUNT OF FOOD IN STOMACH
- HOW FAST YOU DRINK
- MOOD/FATIGUE
- MEDICATIONS
- HOW OFTEN YOU DRINK

THEY ALL PACK THE SAME PUNCH PER-DRINK

The type of alcohol beverages you drink doesn't make any difference! A five ounce glass of **WINE** or 12 oz. of **BEER** or one and one half ounce of 80 proof **LIQUOR** (mixed drink or straight) all have about the same amount of alcohol.

ELIMINATION OF ALCOHOL FROM BODY

Approximately 90% of the alcohol is eliminated from the body by the liver. Alcohol is eliminated at an approximate rate of .015% alcohol per hour for most persons. This rate is equal to just about one drink per hour. Elimination of alcohol can **NOT** be speeded up by DRINKING COFFEE, SHOWERING, OR EXERCISING. Nothing you do can make your liver work faster. TIME is the only effective way.

NO TEST FOR ME!

If you **refuse** the alcohol chemical test, you **lose** your drivers license for 6 months. Then you go to court!

PENALTIES

If your B.A.C. is .10% or greater, you **lose** your drivers license for at least 90 days - first offense, 6 months - second offense, ONE year - third offense.
Then you go to court. If convicted you could spend up to 6 months in jail and a fine up to $750.

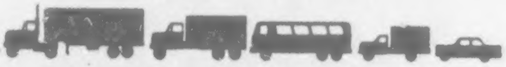
WYOMING LICENSE CLASS

CLASS A —



The Class "A" license authorizes the holder to operate any vehicle or combination of vehicles except motorcycles, including all vehicles within Class "B" and Class "C". The Class "A" license is the highest class license issued, and allows the holder to operate truck tractor trailer combinations, and all heavy types of equipment on our streets and highways.

CLASS B —

The Class "B" license authorizes the holder to operate any single vehicle, except motorcycles, weighing over 16,000 pounds unladen weight, buses, and all vehicles within Class "C".

CLASS C —

A Class "C" license is issued authorizing the person to operate any single vehicle or combination of vehicles, except motorcycles and buses, that are not in excess of 16,000 pounds unladen/weight or total combined weight. This allows the holder to operate ordinary passenger vehicles, and light trucks under 16,000 pounds. It also allows the holder to tow a boat, utility, camping, or house trailer, or pole dolly providing the combined weight does not exceed 16,000 pounds. The holder of a Class "C" license cannot operate a bus.

CLASS M —

The Class "M" license is issued solely for the operator of motorcycles. The holder of any classified license, except Class "M", may tow a boat, utility, camping, or house trailer, or pole dolly. Any of the Class "A", "B" or "C" licenses may be endorsed to include motorcycles.

BUCKLE UP!

IT'S OUR LAW

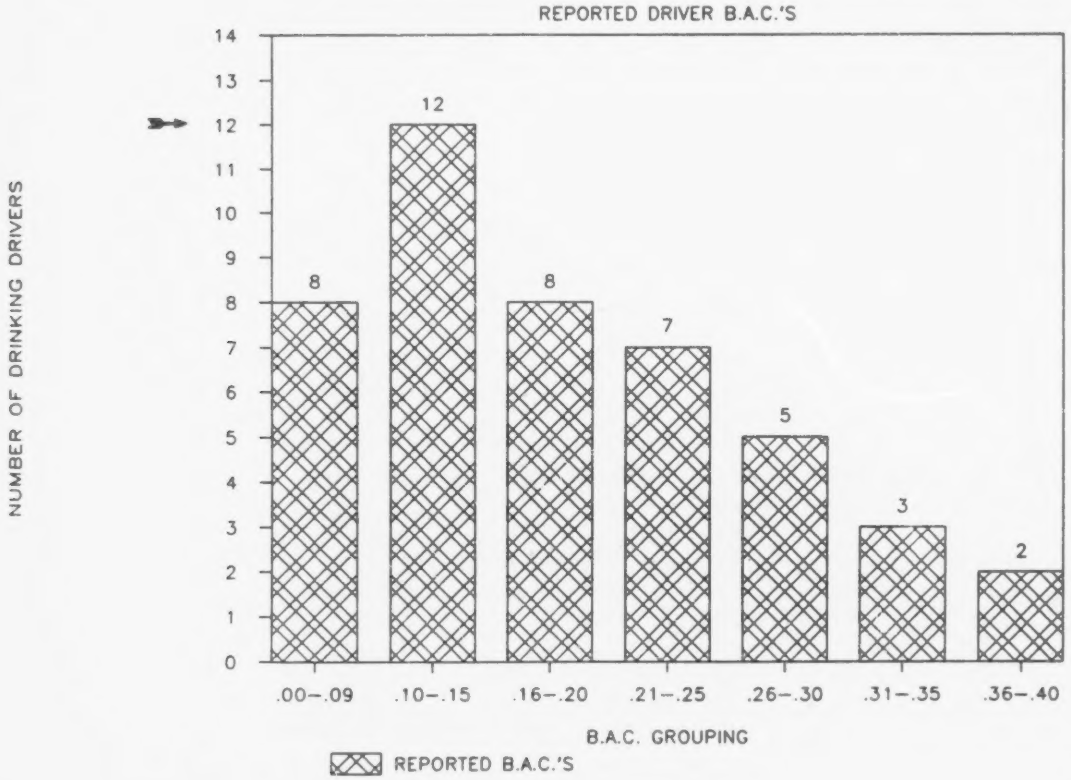
☆ ALCOHOL INVOLVED FATAL ACCIDENTS—1989— ☆



IT DOESN'T ALWAYS HIT YOU THE SAME!

The effects of alcohol on you depends on several factors:

- BODY WEIGHT
- AMOUNT OF FOOD IN STOMACH
- HOW FAST YOU DRINK
- MOOD/FATIGUE
- MEDICATIONS
- HOW OFTEN YOU DRINK

THEY ALL PACK THE SAME PUNCH PER-DRINK

The type of alcohol beverages you drink doesn't make any difference! A five ounce glass of **WINE** or 12 oz. of **BEER** or one and one half ounce of 80 proof **LIQUOR** (mixed drink or straight) all have about the same amount of alcohol.

ELIMINATION OF ALCOHOL FROM BODY

Approximately 90% of the alcohol is eliminated from the body by the liver. Alcohol is eliminated at an approximate rate of .015% alcohol per hour for most persons. This rate is equal to just about one drink per hour. Elimination of alcohol can **NOT** be speeded up by DRINKING COFFEE, SHOWERING, OR EXERCISING. Nothing you do can make your liver work faster. TIME is the only effective way.

NO TEST FOR ME!

If you **refuse** the alcohol chemical test, you **lose** your drivers license for 6 months. Then you go to court!

PENALTIES

If your B.A.C. is .10% or greater, you **lose** your drivers **license** for at least 90 days - first offense, 6 months - second offense, ONE year - third offense.

Then you go to court. If convicted you could spend up to 6 months in jail and a fine up to $750.
